

Book includes a "History of Yarn Bombing" page for readers who are not familiar with this whimsical form of art.

**YAZZY'S AMAZING YARN** encourages children to be as creative as possible. Yazzy loves yarn and she loves to knit. Her neighborhood park is dull and rusty, but Yazzy has a plan. With help from her friends, she transforms Penny Park into a fuzzy rainbow of warmth and color. What yarn-tastic idea will Yazzy think of next? (Ages 4-9+)

"As a teacher, it's refreshing to find a book that exposes children to an alternative art form. I'm inspired by Yazzy's story, and I know my students will be too."

—Deborah Horwitz, Middle School Art Teacher, The Emery/Weiner School, Houston, Texas
